

Annual Congress on Smart Materials

Nick Bierwisch

Doctor, Mechanics, Saxionian Institute of Surface Mechanics SIO, Germany, E-mail: n.bierwisch@siomec.de

[Smart Materials](#) offers the chance to youthful specialists in the diverse field of Material Sciences. It is the most esteemed reward of the entire meeting and is labelled as logical help Achievement grant. The best participants are chosen according to their research abstract and talk. The nomination criteria for accomplishing this award is that one ought to have least of 20+ long stretches of involvement with the relative field and more than 200 publication. The recipient of this award ought to have a committed interest and should step up to the plate in investigating the on-going patterns and advancements towards the material science and [chemistry](#). You can designate meriting the honor through on the web.

Professional_Level Award:

The Award for Professional or scholastic research action gained in [Materials Science](#) look into field in people in public or private part for specialists having research information at 15+ years in the field of Materials Science with most important achievements. The participants having tremendous knowledge in the field of material science and engineering and [material chemistry](#) can nominate for this award. You can select meriting the honor through on the web.

Young_Researcher Award:

The gathering offers Young Researcher Level Award for the forthcoming researchers, specialists who are pursuing their graduations, Master understudies and PhD in Materials Science field and specialists who look into involvement with the field of [Materials Science](#) and [Nanotechnology](#). Our gathering might want

to give best stage to grow your system by sharing your exploration information at organize. The Best YR Award will be given to the most exceptional introduction displayed by a member who has enrolled under the understudy. On the off chance that you are a youthful and dynamic scientist than you can join our gatherings to investigate new thought and research. You can choose meriting the award through on the web.

Women_Scientist Award:

Women Scientist Award is specified for the finest women speaker among all the women participants in the [Smart Materials](#) conference for giving most recent research extends a top to bottom examination. The lady Scientists those who have more than 15 years and of experience in the field of material science they can nominated for this award. We are glad to support our ladies researcher's members through research grants and give help to ladies researchers in profession advancement and research direction through our coordinated efforts. Ladies Scientist can assign meriting the honor through on the web.

Outstanding_speaker Awards:

This award grasp for Professors, Associate Professors, Lectures, Business persons who will show their tasks, methodologies, and plans that have been executed to improve long haul greatness in [Material Science and Engineering](#). All the Keynote speakers and Plenary Speaker those who have magnificent knowledge in the field of [material science](#) and [nanotechnology](#) with 15+ years of experience can nominate for this award.

You can choose meriting the reward through online.

Best_Keynote_Speaker Award:

This respect is seeing for members who will show their undertakings, strategies, and plans that have been executed to improve whole deal significance in [Material Science and Engineering](#). All the Keynote Speaker the individuals who have brilliant information in the field of material science and nanotechnology with more than 20 years of experiences and 200+ publications can named for this honor. You can pick justifying the respect through on the web.

Best_Poster_Presentation Award:

Best Poster Competition is sorted out at Conference, to empower understudies, graduates and PhD Students of [Materials Science](#) to display their unique research. Every single acknowledged theoretical will be exhibited at the blurb sessions during the gathering. We aim to setting a platform for all the budding scientists and researchers to present their real-time work and share their views and aspects related to the theme of the conference. You can name somebody meriting the award through online.

Outstanding_Thesis Award:

This award perceives for Masters, Ph.D., Post Doctorate, Professor, Associate Professor who synopsis their work in term of full text articles that have been published in the [Smart Materials](#) conference. The choice of the thesis will be made based on the member commitment in the particular inquire field of material science. You can choose meriting the reward through on the web. You can designate somebody meriting the honor through on the web.
